# Gender Audit

Silver Springs

Gender Audit

- An assessment tool and process for organizations to use in identifying how gender issues are addressed in their policy (internal or national), programmes and organizational processes,

A gender audit

- Considers whether practices and related support systems for gender mainstreaming are effective and reinforce each other and whether they are being followed ;
- Monitors and assesses the relative progress made in gender mainstreaming (can be within an organization or a sector);
- Establishes a baseline ;
- Identifies critical gaps and challenges ;
- Recommends ways of addressing them (gaps and challenges) and suggests new and more effective strategies;
- Documents good practices towards the achievement of gender equality.
